

main.c

Run

```
1 #include <stdio.h>
2
3 int main()
4 {
5     int num;
6     printf("Reddy 192212351");
7     printf("Enter any number: ");
8     scanf("%d", &num);
9
10
11     if(num > 0)
12     {
13         printf("Number is POSITIVE");
14     }
15     if(num < 0)
16     {
17         printf("Number is NEGATIVE");
18     }
19     if(num == 0)
20     {
```

Output

Clear

/tmp/E36cvupXZF.o
Reddy 192212351Enter any number: 128
Number is POSITIVE
